

Rev. Francis Sunderaraj

Rev. Francis Sunderaraj is known for his passion for God, God's Word and the people. He being the minister of the Methodist church has the shepherd's heart of love and care. This was my experience of his love towards me as soon as I took the responsibility as the General Secretary, IMA. He called me and affirmed his prayer for me and introduced some of his friends to me for prayers and partnership in the mission of God. This is how our first love has been manifested and established.

Rev. Francis Sunderaraj has been a greater supporter and adviser to IMA in fulfilling the God given vision and mission. Even in his difficult times, his conversation with us had been more on the mission realities and practices in Indian Missions. In the recent concluded India Missions Summit at SAIACS, Bangalore his advice and input in facilitating then summit is tremendously significant though he was physically not present. His legacy of godly living in his leadership is a great motivation and role model to the emerging leaders in Indian Missions.

India Missions Association family with the 294 member missions and partnerships churches cherish in the loving relationship with Rev. Francis Sunderaraj and Mrs. Sheila Bhanu Sunderaraj with their children and their families. We stand together in thanking God for His life and mission in India and beyond. We affirm our solidarity to his family in prayer and love.

Together fulfilling the Great Commission with the Great Command in the Mission of God in India and beyond.

With prayerful regards,
